Cindy,

I'm sorry for the confusion regarding CA2077. After we received the quotes John Czeczulin and I had a conference call with John Spivey to review the quotes. Here is what I have for CA2077 - want HD cameras, lavalier and hand-held microphones (same type as CA3071) and these are to be wired into the mixer on the quote.

I hope this does cause you serious difficulties.

Polley
